

## APPLICATIONS ARE NOW OPEN

Deadline: August 31, 2023

### Climate Change Postdoctoral Fellowship

The Smithsonian will award 5 Climate Change Fellowships starting in Fall 2023. Fellows will leverage the Smithsonian's resources, including its researchers, collections, exhibits, and data sets, to advance scientific understanding of climate change and its impacts on nature and human well-being.

### Environmental Justice Fellowship

The Smithsonian will award 2-5 Environmental Justice Fellowships starting in Fall 2023. Fellows will leverage the Institution's vast resources and expertise to study environmental injustice and inform potential solutions.

### Resilience & Sustainability Science Postdoctoral Fellowship

The Smithsonian will award 5-7 Resilience and Sustainability Science postdoctoral fellowships starting in Fall 2023. Fellows will conduct research on resilience for people and nature in marine and terrestrial systems, working with key advisors inside and outside of the Smithsonian.
