Dr. Pakron Petchprayoon  
Director of Office of Geo-Informatics Product Innovation  
Geo-Informatics and Space Technology Development Agency (GISTDA)  
Thailand  
Email: pakorn@gistda.or.th

Dear Dr. Petchprayoon,

On behalf of meeting sponsors NASA (National Aeronautics and Space Administration) and NEIR (Korea's National Institute of Environmental Research), I am pleased to invite you to participate in the TEMPO/GEMS Joint Science Workshop which will be held at the Courtyard King Kamehameha's Kona Beach Hotel, Kailua-Kona, HI, USA from August 26-30, 2024. More information about this event can be found at the following URL: <https://meeting-info.org/tempo-gems-2024/>

We look forward to your participation, and to collaborating with you and your organization on scientific issues. I'm sure this workshop will provide good opportunities to discuss application, validation, and improvement of both TEMPO and GEMS data.

We understand that you will cover all your own travel and insurance costs during your visit to the United States.

Sincerely,

A handwritten signature in black ink that reads "Lynn Kennedy". The signature is written in a cursive, flowing style.

Lynn Kennedy
